

CELSIUS – CITYFiED – Covenant of Mayors Webinar: tools for a smarter more energy efficient future

CITYFiED and CELSIUS projects join forces to extend tools for a smarter, more energy efficient future to European cities

You are cordially invited to witness the rich case studies, insights and technical expertise to be presented by the two projects through a two part webinar focused on resources, energy efficient buildings and concrete district heating and cooling solutions.

Ensuring that the cities of Europe will meet the substantial need for improved energy efficiency and reduced emissions requires knowledge-sharing and capacity building. With a complementary technical skillset and combined network of nearly 70 cities, CITYFiED and CELSIUS are now joining forces to extend tools for a smarter more energy efficient future to European Cities.

As a first step in this alliance CITYFiED and CELSIUS are pleased to invite you to the second of two webinars on **Wednesday December 9 at 10:30 (CET)**.

The webinar will showcase how the CELSIUS toolbox and the CITYFiED methodology complement each other, an illustration of the synergies to be found between the two projects.
